Not Quite Narwhal

Kelp the narwhal was not a happy little creature. He just couldn’t seem to be what people wanted him to be. Was he a land narwhal or a sea unicorn? But perhaps, if Kelp was clever, he may find his way. He is a creature who is torn: is he a land narwhal or a sea unicorn? But perhaps, if Kelp is clever, he may find his way.

I just really love the artwork in it, and the story makes me smile.
